

BURNING HEARTS CANNOT BE LOCKED AWAY FREEDOM FOR THE PARK BENCH 3! FREEDOM FOR ALL PRISONERS.

On the night of 8th July 2019, three of our comrades were arrested on a park bench. On the same night several houses were raided. People were forced out of their beds with weapons. The charge against them is preparation of a serious arson attack. Two comrades remain in remand prison, awaiting trial. One is on probation, awaiting trial.

Since the beginning of this case, the press and the cops have linked the accusations against the 3 to the G20 summit (Hamburg in July 2017). This is a construct created by the State. Yet at the same time, their arrest and detention have to be contextualised in the specific situation & atmosphere which arose in the city after these events. The police and politicians have carefully constructed a media frenzy and a diverse counter-attack, as revenge to their defeat on the streets in July 2017.

If we have successful struggles and mobilisations, there will always be a reaction from the State.

It is important to remember that the need for revenge from the State is active, its aim is to research and destroy any antagonistic movement, to investigate militant networks and to criminalise ideas of liberation.

Show solidarity and don't leave the accused on their own!

Anarchy. Liberation.
For the social revolution.
